Commissioner Nyquist then stated that all the parties were in the room today to have the conversation in order to make a decision on that matter.
Next, Commissioner Nyquist asked the Board to also consider adding a discussion under Item No. 16 – “New Business” with the representatives from the City of Sodaville who were in the audience. Commissioner Tucker stated that he understood that the representatives from the City of Sodaville had an appointment which may be a conflict for them should they wait to be heard under Item No. 16 and, therefore, requested that Item No. 16 be moved to the front of the agenda.

Commissioner Nyquist then asked the pleasure of the Board.

Commissioner Nyquist then recognized the two representatives from the City of Sodaville: Alex McHaddad, Recorder, 30723 Sodaville Road, Lebanon, Oregon; and, Adina Olivares, Council President, 30681 West View St., Lebanon, Oregon.

Mr. McHaddad stated that the City had had a rough year but was able to take care of some budget challenges and had digitized all the City’s Resolutions and Orders making it more modernized to be able to operate smoothly and making it more accessible to the public. Recently, they’ve installed radio water meters to better track the water usage but are still working on a long-term solution to improving the City’s water problems.

Commissioner Sprenger asked Mr. McHaddad to give a brief explanation of the issues with Sodaville’s water problems. Mr. McHaddad stated that Sodaville doesn’t have a lot of water in the area to tap into and the aquifers don’t have a lot of water coming out so water has had to be trucked into town from the City of Lebanon. Ms. Olivares added that the water restrictions were pretty severe; they can use indoor water and water for edible planting only. Discussion followed.

Commissioner Tucker recommended that both Mr. McHaddad and Ms. Olivares take a few minutes to speak with Alysia Rodgers, Economic Development Catalyst, City of Lebanon, before they left as she was also in the audience. Commissioner Sprenger stated that she was encouraged and optimistic looking forward to partnering with both Mr. McHaddad and Ms. Olivares on this issue.

Commissioner Nyquist asked if the City of Albany had acquired the necessary right-of-way to do this project. Mr. Mink stated that this Resolution and Order was for the bridge and then, going forward, Linn County would acquire the right-of-way for the road project. Commissioner Nyquist referred to Darrin Lane, Linn County Administrative Officer (former Roadmaster), who added that the road project was being funded by a grant through the MPO (Metropolitan Planning Organization). Commissioner Nyquist stated that, even though he would vote yes on this matter, he was still concerned about the inter-workings of the County’s relationship with the City of Albany and the development of both Goldfish Farm Road and Three Lakes Road east of the freeway in Albany. He recommended having a meeting with the City of Albany regarding these projects.

He stated that, even though the State overwhelming approved the measure, it was not passed within Linn County. Measure 109 allows local jurisdictions to consider a proposed ordinance that would limit, either or both, manufacturing and service centers within their jurisdictions.

Mr. Karandy stated that if the Board adopted, under Measure 109, the proposed ordinance, it would need to go to an election of the voters on Tuesday, November 8, 2022 and, if it was approved by the voters, the manufacturing and service centers would
not be authorized within the unincorporated cities within Linn County; it would not affect any city jurisdictions. Mr. Karandy then proposed the 1st Reading of Ordinance No. 2022-253 be read by title only unless the Board wanted the full reading.

Mr. Karandy continued with the 1st Reading by title only and stated that the 2nd Reading would be conducted on July 26, 2022.

Commissioner Tucker stated that he had a conversation yesterday with Alyssa Boles, Linn County Planner, about other communities and counties that were doing the similar action and he asked if Ms. Boles had an idea of how many other counties were considering similar ordinances. Ms. Boles stated that she prepared an email this morning that provided those numbers to the Board. Commissioner Tucker stated that Linn County had been contacted by national media groups regarding this matter. Discussion followed.

Mr. Karandy stated that, if the Board approved the ordinance on Tuesday, July 26, 2022, the Resolution & Order to approve the ballot title would be before them at that same time and the proper forms would be filed with the Linn County Clerk’s Office to start the ballot process to get it placed on the ballot.

Action – Commissioner Tucker moved and Commissioner Sprenger seconded the motion to approve and sign the Letter of Support and to enter into the record the letter that accompanied the application to the Recycle Depot, Inc. (dated Friday, July 8, 2022).

In regard to the Letter of Support for the Catholic Charities, Commissioner Nyquist stated that he trusted that Commissioner Tucker understood the grant and that it was appropriate for the Board to give their support. Commissioner Tucker stated that the long-term recovery team of the canyon had made the request for the Board to support those organizations as FEMA begins to pull back and as they attempt to get the funding to keep case workers in order to help the residents continue to file insurance claims and other documents with the different agencies. He stated that the Catholic Charities had been vetted by the long-term recovery group.

Commissioner Sprenger stated that she had not seen an email from the Catholic Charities nor was she familiar with the agency. So, in the future, she would like to be contacted by the organizations to hear their requests in order to understand what they are asking for and what is needed. Commissioner Tucker stated that he always brings these type of matters to the Board and sends a draft for the Board’s review prior to approval.

The vote was called. The motion passed unanimously.

15. Unfinished Business and General Orders:

A. Calendar Update: The Commissioners updated their calendars. Commissioner Nyquist stated that he would not be at the Tuesday, August 9, 2022 Board meeting. Commissioner Tucker stated that he would not be at the Tuesday, July 19, 2022 Board meeting as he was having eye surgery.

Commissioner Tucker noted that there was a solid waste proposal potentially scheduled on Tuesday, July 19, 2022 agenda and asked that the Board consider moving it out a couple of weeks so he could be present for the discussion. Commissioner Nyquist stated that he would take that into consideration.

Commissioner Nyquist announced the County Fair would begin on Thursday, July 14th through Saturday, July 16, 2022 and that there would be a chance that all three Board members could be in the same place at one time but would not be talking about County or public business during those times.

B. Commissioner Nyquist gave an update on the intermodal project. He stated that the facility was essentially built and that the only thing keeping it from opening was a gas line that Kinder Morgan has that runs under the ground in the proximity of where a rail line was being added so we are waiting for them to protect that line before moving forward. Commissioner Nyquist stated that AMEDC’s (Albany-Millersburg Economic Development Corp.) latest revision to ODOT was that it would be completed by the end of September, 2022 but it could be sooner than that; the opening date is a moving target. He stated that every indication to the team that will be opening the facility was positive and they are hoping it will happen at a time that the ag industry will be able to utilize the facility.
C. Commissioner Nyquist stated that the Board had received a request for $11,750 during the budget hearings and the Budget Committee determined that it was an economic development conversation. He then gave a history of Linn County's economic development program and how the monies were spent. He stated that the revenue now was projected at $800,000. Even with the Board putting funds towards the intermodal project, there was still money to do things such as the request they had received during the budget hearings. Commissioner Nyquist stated that his goal was to have a formula where money was given on a one-time basis and not locked into a formula where everyone got some of the funds.

Commissioner Nyquist stated that, as he understood the proposal, it was a one-time request. He then called upon Alysia Rodgers, who was in the audience, to provide additional information.

Ms. Rodgers Alyssa, Economic Development Catalyst, City of Lebanon and also a representative of the Rural Economic Alliance (REAL). She stated that REAL made the request for $11,750 for hiring a potential part-time staff person to help further the goals of the group. They have recently received grants through Council of Governments (COG), Rural Operation Initiative through Business Oregon that helped them create and launch their website, rebranding and asset mapping. The next step would be business retention and recruitment. REAL is a group of nine cities between Linn County and Benton County who work together to do rural economic alliance.

Action – Commissioner Tucker moved and Commissioner Sprenger seconded the motion to support REAL in the amount of $11,750. The vote was called. The motion passed unanimously.
