He stated that their regular budget was sound without any reliance on CARES funding.

Mr. Vogt then referred to Jenny Glass, COG’S Community Economic Development Director to give a wetlands update.

Ms. Glass indicated that consultants were working with the supply and demand across the region and that the study would end at the end of September, 2022. B. Discussion regarding rates from providers in Linn County for sanitation services (Continued from Tuesday, July 19, 2022).

The Board called upon Shane Sanderson, Linn County Public Health Program Manager, to summarize the previous discussion.

Extensive discussion followed and the Board heard from Julie Jackson, Municipal Manager, Republic Services and Joe Wonderlick, Pricing Manager, Sweet Home Sanitation.

Commissioner Tucker discussed the closure of the Lebanon Transfer Station stating that as a result of any rate increase he would want to see the transfer station reopened. Additional discussion followed and Ms. Jackson provided the Board with a letter dated February 11, 2022 to Ron Whitlatch, City of Lebanon Interim City Manager, which notified him of the closure of the Lebanon Transfer Station effective April 1, 2020. A copy of her letter is on file in the Linn County Clerk’s Office in the Commissioners’ Staff File.

Following a lengthy discussion and review of the possible rates increase as recommended by the review from Merina & Company, LLP and the Linn County Solid Waste Advisory Committee, Commissioner Nyquist stated that he would be inclined to do an 8 percent increase instead of a 10 percent but that, frankly, he did not want to do any rate increase. He stated that, on a consumer basis and month-to-month, it wasn’t a huge number but they needed to be careful of the symbolism in increasing prices for people who are struggling. Commissioner Nyquist stated that he was, however, concerned about the workforce and the labor needed to do the work. He stated that he would support an 8 percent increase and anything above that would be a reach. Commissioner Sprenger stated that she had two areas of focus: labor shortages and that employers are needing to offer higher employment packages for recruitment. She stated that she was willing to support a rate increase but wanted there to be future conversations in regard to the abandoned RV issues.
Action – Commissioner Tucker moved and Commissioner Sprenger seconded the motion to adjust the rates at 8 percent return on investment as calculated by Merina & Company, LLP. Commissioner Nyquist stated that this was one of the options that the Solid Waste Advisory Committee reviewed.

The vote was called. The motion passed.

A. Commissioner Tucker asked the Board to consider approving an invoice from the Oregon Timber Counties Coalition (OTCC) for annual membership dues and to have someone authorized to sign saying that Linn County would stay active and be engaged in the meetings for the remainder of 2022. By consensus the Board agreed to approve the annual membership dues and for Commissioner Tucker to remain the County’s representative. Commissioner Nyquist stated that he hoped the group was looking at the recent Supreme Court decision in regard to agency overreach.

B. Commissioner Tucker presented a draft letter that he had prepared in regard to the Douglas Fir National Monument for the Board’s review and consideration. A copy of the draft letter is on file in the Linn County Clerk’s Office in the Commissioners’ Staff File. Commissioner Nyquist stated that the letter looked good to him but he would want to include that this action changes or restricts the rules in the way of fighting fires and would increase public safety and risk to both critters and people. Commissioner Tucker stated he would add those comments to his letter. Commissioner Sprenger stated she was in support of the letter and would further encourage the delegation that this would add an additional layer of government regulation where 1-3 layers of protection already exists. This designation would hamper an area that has already sustained wildfire damage.
