Re: Waterloo CXT Restroom Building Purchase R & O 2022-242

Waterloo Restroom Purchase R & O 2022-242

- The Board of County Commissioners (BOC) authorized, the Parks and Recreation Department, to apply for a Local Government Grant from the Oregon State Parks Department (OPRD) to replace one of the day use restrooms buildings at Waterloo County Park. The grant was awarded earlier this fiscal year and we have received the notice to proceed from OPRD.

- Order & Resolution 2022-242 would grant me the authority to purchase a CXT restroom building for the project. Installation of CXT restrooms are a minimum of 6 months out from the order date.

- The Park’s Department would like to proceed with the purchase a CXT restroom building for approximately $94,630.00. The ORPD Grant will reimburse the County for half the total cost of the building. The Building is scheduled to be delivered March of 2023, so it is available for the 2023 recreation season.

- The new restroom will be located in close proximity to the new playground in Waterloo County Park.

- The CXT Denali restroom building is a precast all concrete structure. The purchase is being made via the Oregon Cooperative Purchasing Program. No County General Funds will be used to complete this project.

Re: Resolution & Order No. 2022-152

The following item is scheduled to be heard on 06/21/2022:

**Resolution & Order 2022-152**: A sheltering/emergency use agreement between Linn County and Harrisburg School District. In the event of a significant disaster, Linn County would be able to call on the Harrisburg School District to use its buildings and grounds as a temporary sheltering and emergency use site. Linn County would have access to supplies and equipment on the grounds. Harrisburg School District has cooking supplies, a gymnasium, and classrooms that could be used to organize a secure sheltering site. Linn County volunteers would help staff the site during an activation.

**Financial Impact**: Linn County would reimburse the Harrisburg School District for any supplies used and any damages that would result from sheltering operations.

**Staff Recommendations**: In the event of an activation, the shelter would be staffed by Linn County volunteers and partnering volunteer organizations (Salvation Army, Red Cross, CERT, and MRC).

Re: Resolution & Order No. 2022-218

The following item is scheduled to be heard on 05/10/2022:

Resolution & Order 2022-218: The Linn County Emergency Operations Plan (EOP) has been updated; the previous version was from 2018. This update was a collaborative process with various county departments and agencies. Much of this update focused on ensuring the appropriate County Departments were assigned the proper role/function during emergencies/disasters. The EOP serves as an all-hazard guideline for Linn County. The next review/update is set for 2024 but can be updated sooner as new ideas and other plans are developed.

Financial Impact: Having a current EOP on file helps Linn County maintain compliance with FEMA for future Grant Opportunities.
MEMORANDUM

Re: Law Enforcement Services Contracts

The Contracts for the Agenda item are for all our contract cities to include Brownsville, Halsey, Harrisburg, Lyons, Mill City, Millersburg and Scio. All contracts in the Board’s packets are for three years and are built off the cost increases the Sheriff’s Office is projected to see after the recently settled Deputy Sheriff’s Association contract.

The contract language is the same as years past with the exception of the rate changes and an addition to Section 6 of Exhibit A. The addition includes three provisions describing actions if we fail to meet minimum monthly hours.

Law Enforcement Services Contract Resolution & Orders:

- Brownsville – R&O 2022-231
- Halsey – R&O 2022-232
- Harrisburg – R&O 2022-233
- Lyons – R&O 2022-234
- Mill City – R&O 2022-235
- Millersburg – R&O 2022-236
- Scio – R&O 2022-237

Board

I have not spent much time telling the story of the economic impact of the facility. As we start to ramp back up from Covid I thought I would give you a few numbers.

Since the first of the year we have had 7 major shows that would draw people from out of town with lots of littler shows in between. Of those 7 shows I figured we had about 34,000 people at the facility. For argument sake, let’s say that about a quarter of them spent one night in a motel. So those 8500 people would have generated 1.2 mil at $140.00 per night. Also let’s figure that about a third of them ate at a local restaurant. At $20 per meal that would have generated $227,000, for a total of around 1.4 million.

Over the years, Linn County Fair & Expo has become known for its cleanliness, well-maintained facilities and great location. I see many years in the future that Linn County Fair & Expo will continue to be a boost to the local economy.

RE: Background Information for Agenda Items – 6/21/2022

The Road Department has the following items on the Board of Commissioners agenda for the weekly meeting on June 21, 2022. The following is a brief description of the items.

Resolution & Order 2022-206 – Intergovernmental Agreement with Lane County for Right-of-way Services
This is a Resolution & Order to authorize the Roadmaster to execute an agreement with Lane County for assistance with right-of-way services. The Oregon Department of Transportation has approved Lane County Public Works Department’s right-of-way staff for federally funded projects. Linn County Road Department will utilize their staff for various components of the right-of-way acquisition process. All correspondence sent to Linn County property owners will be delivered on Linn County Road Department letterhead. This agreement is not to exceed $50,000.

Resolution & Order 2022-219 – Delegation of Authority, Supply and Delivery of Fuel
This Resolution & Order delegates authority to the Roadmaster for the supply and delivery of fuel for invoices in excess of $50,000 and is retroactive to June 1, 2022. A current contract exists with Carson (WECO) for the supply and delivery of fuel. With the current economic conditions, one delivery/invoice may exceed $50,000. This would allow us to continue to utilize the existing contract.

AMENDED RESOLUTION AND ORDER 2022-241
AMENDMENT #9 FOR AGREEMENT #5264i

BETWEEN THE OREGON YOUTH AUTHORITY AND LINN COUNTY
AND DELEGATING AUTHORITY TO EXECUTE ORIGINALS

The previous amendment brought before the Linn County Board of Commissioners extended the expiring 20 year agreement to house the Linn Benton Juvenile Detention Center at the Oak Creek Youth Correctional Facility until June 30, 2022. During my presentation I told that Board I was confident that the new 20 year contract would be completed before June 30, 2022. It has been a difficult process to get OYA moving forward. In April of 2022 I sent OYA an email outlining my concerns about the lack of urgency in getting this new agreement completed. This did get the process moving and we have reached an agreement in substance on the contract going forward. The contract is currently sitting at the Oregon Attorney General’s Office for their review and approval. It is clear that the contract will not be reviewed prior to June 30, 2022.

RO 2022-241 extends our current contract another six months until December 31, 2022 to allow time for the AG’s office review and both the county attorneys in Linn and Benton County to review and approve prior to bringing before the Board for final approval.
MEMORANDUM

TO: Board of Commissioners
FROM: Russ Williams, General Services
DATE: Tuesday, June 21, 2022
SUBJECT: Resolution & Order #2022-212

Russ Williams, Director of General Services appears before the Board of Commissioners' with Resolution and Order #2022-212 to obtain the Board's approval for a 2022-2023 fiscal year contract with Garten Services, Inc. The County Attorney has performed a legal review of the contract.

Garten Services has provided janitorial services for the County since 2015. The contract includes janitorial services at the following buildings:

- Annex
- General Services
- Hurd
- Lebanon Health Center
- Washington Street Mental Health
- Willamette Health Center

Financial Impact: The total contract amount for the 2022-2023 fiscal year is **$125,445.48**.

Garten’s quote and prices are generated in conjunction with the Oregon Forward Program, formerly known as the QRF Program. Competitive bidding is not required within the Oregon Forward Program, as the Oregon Department of Administrative Services controls pricing for products and services. Use of this program fulfills a state law supporting meaningful work opportunities for Oregonians living with physical, mental, and developmental disabilities.

To Whom It May Concern:

Linn County Board of Commissioners would like to provide a voice of support to Santiam Hospital’s proposal and need of financial support for expansion of a piloted traditional health worker program.

In fall of 2021, Santiam Hospital and Clinics piloted a Community Health Worker (CHW) program to meet the increasing demands of social determinants of health and the barriers to a person’s overall well-being and healthcare. Onboarding of 3 CHWs allowed for warm-hand off patient care in three certified rural healthcare clinics and in the Women’s clinic, all of which demonstrated the greatest need. Jan-May of 2022 resulted in over 350 new CHW patient cases. Of these cases, almost one-quarter were mental health counseling needs. This was closely followed by need for connection to housing-shelter or rental assistance resources. This pilot program has only provided a glimpse into the social determinants of health needs of the Santiam service area to include Turner, Aumsville, Scio, Stayton, Sublimity, Mehama, Lyons, Mill City, Gates, Detroit and Idanha. Expansion of this program is needed to serve the other three rural health clinics of Santiam Hospital (a total of 6) and to service the inpatient floors and Emergency Department. This need has already been established, as highlighted by the fact that Santiam Hospital Emergency Department had the highest census count this past year. In fact, last month the ED had a record number of patients walk thru their doors, many needing health navigation services.

Across the nation, the mental health crisis is immense. Increased demand and lack of providers has resulted in a gap of care. The Santiam region is not exempt from this issue, particularly with the recent closing of Crossing Bridges Counseling Center. Professional psychologists and psychiatrist are greatly needed in our community. This issue is critical and will take time to address. In the meantime, Santiam Hospital has already invested efforts to support the community with Behavioral Health Clinicians and Community Health Workers, who are more accessible. They can work with patients and help triage the more leveled care that would be needed by the limited number of psychologists and psychiatrist in the greater countywide area. Santiam Hospital has hired a limited number of Behaviorist and CHWs to help address this immediate need, but unmet demands remain and lack of professional/specialty level care persists.

Santiam Hospital and Clinics has already established a strong record of accomplishment of community collaboration and service provisions, to include housed partnerships with DHS, Marion/Polk Co food share and disaster services. Santiam Hospital and Clinics serves as the most reasonable single entity to continue expansion of these services to meet the wrap-around service needs of the community, in conjunction with their ability to provide access to clinical care through the traditional medical model and billing systems. These first steps of expanding the traditional health worker program and behavioral health program are only the beginning of possibilities to ultimately establish a center that meets the community health and well-being needs. We support Santiam Hospital’s request for financial support, for the expansion and integration of these services.

Sincerely,

Roger Nyquist, Chair
William C. Tucker, Vice-Chair
Sherrie Sprenger, Commissioner
