**ZONING CODE
TEXT AMENDMENT APPLICATION**

Application Fee: \$2500.00 PLUS NOTICE COSTS

INTRODUCTION

- A. Application for amendment of the Land Development Code may be initiated to amend the Zoning Map, text or a combination of the Zoning Map and text.
- B. An application to amend the Zoning Map and text shall require at least two separate applications: one or more applications to amend the map and one to amend the text. Approval of one application shall not mandate approval of the other application.
- C. If an application to amend the Zoning Map or text of the Land Development Code necessitates a *Plan Map* or *Plan* text amendment, the two applications may be consolidated into a single public hearing.
- D. At least two public hearings are held for all Zoning Map or text amendments -- one before the Linn County Planning Commission and one before the Linn County Board of Commissioners. The applicant or an authorized representative must attend all hearings.

STANDARD SITE PLAN DRAWING

For a complete and accurate evaluation of your proposal, it is necessary to include sufficient information and detail on a site plan drawing. An example is provided as a guide to the preparation of your plan. The site plan you submit will constitute the formal development plan upon which your request is based.

You may submit separate plans to show details of particular aspects of your proposal, i.e. landscaping, off-street parking, topography and drainage plans.

Any public or semi-public use or activity will require written detail and description of such use, i.e. number of employees, hours of operation, unusual equipment or activities that may produce noise, odor, glare, vibration, etc., equipment storage areas, guard or watchman requirements, aerial hazards and road access needs.

This site plan requirement is in addition to any other requirements for zoning, building, sanitation or other governmental permits or standards compliance.

SITE PLAN REQUIREMENTS:

- (1) The site plan must be submitted on paper no larger than 8½ inches by 14 inches and drawn to scale.
- (2) Indicate the scale (for example, 1" = 800') on the site plan.
- (3) Include a North arrow indicating the direction of North on the map.
- (4) Include the applicant's name and address in an information block at the bottom of the page.
- (5) Show the dimensions of the property. These may be taken from surveys, deeds and assessor's records.
- (6) Indicate the names of roads adjacent to the property.
- (7) Indicate the approximate distance and direction to nearest city or town.
- (8) Indicate the dimensions and distance from property lines to all structures, both existing and proposed, as well as fences, culverts, light standards and signs on the property and adjacent properties.
- (9) Indicate the location of existing and proposed access ways, parking and loading areas, approaches and barriers. The type of surfacing should be indicated.
- (10) Identify the location of significant land features, such as streams, creeks, drainage areas and slope.
- (11) Identify the location of existing and/or proposed septic tanks, repair areas and wells. If known, indicate any wells or septic systems on adjacent properties if they are within 10 feet of this property.
- (12) Indicate existing uses of land (cultivation, pasture, timber, etc.). Indicate types of crops, pasture, grass and timber species.
