This is reserved for construction of a roadway to provide access to Parcel 2 (??) of this plat. This is typical language we would like to see for any dedication of roadways on subdivision plats or partition plats. Remember also that even though your project may be inside a city, you need to have three signature lines for the county commissioners when dedicating public roadways.

*The roadway as shown is hereby dedicated, conveyed and set apart to the use of the public forever without reservation or restriction whatever.*

The *italic* portion is the crucial part to insure the roadway gets dedicated to the public properly.
